

# It's Technology Time Somewhere!

## MCPs Summer Professional Development Opportunities

### Need Recert. Points?

Don't want to leave home to get them?

Looking for ways to increase your technology skills?

This summer, let the MCPs Technology Department help you gain valuable knowledge about technology, while earning recertification points. Not only are they available from the comfort of your own home, but they are **FREE!** These online opportunities are available **all summer** for you to work on at your own pace.

Join us 24 hours a day, 7 days a week online when it's convenient for you!

Check out the sessions offered on the back of this flyer!

You have all summer to get as many as you want done!

If you are interested in these summer opportunities,

you **MUST** attend one of the 10 registration/log-in sessions below.

Thursday, June 12th

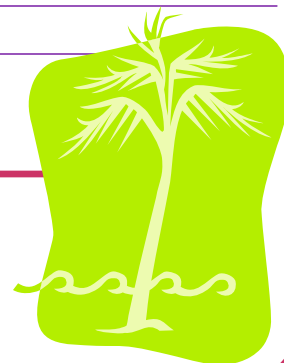

Registration Sessions!
